RECITAL 2026

A Note from the Directors

Welcome to our 2026 Recital!

Eighteen years. Somehow that number feels impossible and emotional all at once.

When we started JCDA, we dreamed of creating a place where students could come to dance, grow, feel supported, and truly be themselves. Over the years, this studio has become so much more than that. It has become a second home for so many families, teachers, and students who have grown up within these walls. Watching that happen year after year is something we never take for granted.

This year's recital theme, "Ate-Teen," may be playful, but there's also something fitting about it when we reflect on this season. Our dancers truly showed up this year. They challenged themselves, worked through frustrations, lifted each other up, and continued to grow in ways that go far beyond technique or choreography. Some dancers stepped on stage for the very first time this season. Others are preparing to take their final bow as seniors. No matter where they are in their journey, we could not be more proud of the people they are becoming.

Dance has always been about more than what happens on stage. It's about confidence, friendship, resilience, creativity, and learning how to support the people standing beside you. Those lessons matter just as much as the routines themselves, and we see that growth in our students every single year.

To our incredible teachers: you are truly the heart of JCDA. Some of you once stood on this stage as students yourselves, and now you are helping shape the next generation of dancers. Others have brought experiences from dance, theatre, education, and beyond into our studio family. No matter your path, the love, patience, creativity, and energy you pour into these students every day is extraordinary. You inspire confidence in our dancers, push them to believe in themselves, and create classrooms filled with encouragement and passion. We are endlessly grateful for each of you.

A very special thank you to Miss Abby Czerwonka for the countless extra hours spent helping prepare for recital season, stage needs, performances, and all of the details that come with bringing a production like this to life. Your willingness to jump in, help wherever needed, and keep things moving during such a busy season has meant so much to all of us. Thank you as well for the time and creativity you put in to those extra elements—it is truly appreciated.

To Miss Julianne Casilio, thank you for the incredible energy and creativity you continue to bring to JCDA through our social media and studio presence. You help capture so many of the special moments throughout the season and share the spirit of our studio community in such a fun and meaningful way. Your enthusiasm for our dancers and families shines through everything you do. And to our office staff—thank you for being the people who keep everything rolling behind the scenes each and every day. From answering questions and organizing schedules to helping families, managing details, and keeping recital season running smoothly, your hard work never goes unnoticed. JCDA simply would not function without all of you.

To Mr. Josh—thank you for being willing to jump in wherever needed, whenever needed. From props and studio projects to troubleshooting, fixing, lifting, building, and helping in a hundred different ways throughout recital season, we appreciate you more than you know.

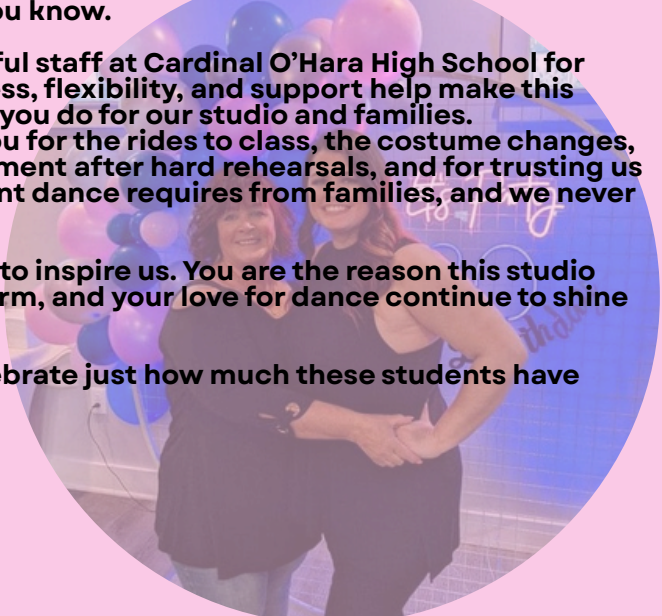

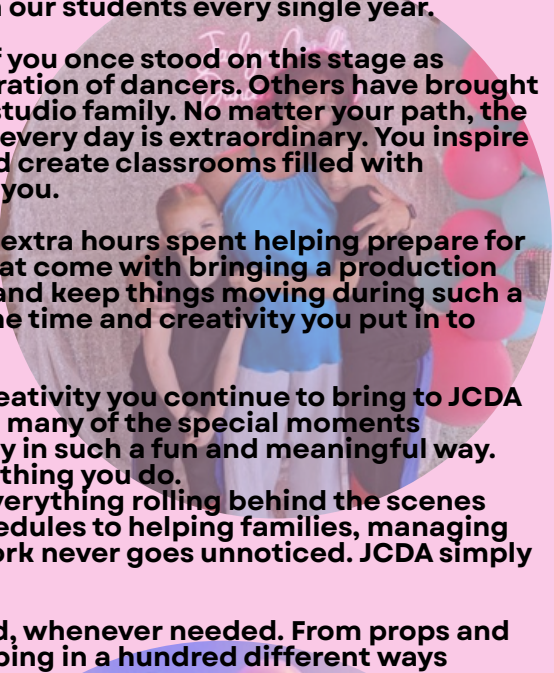

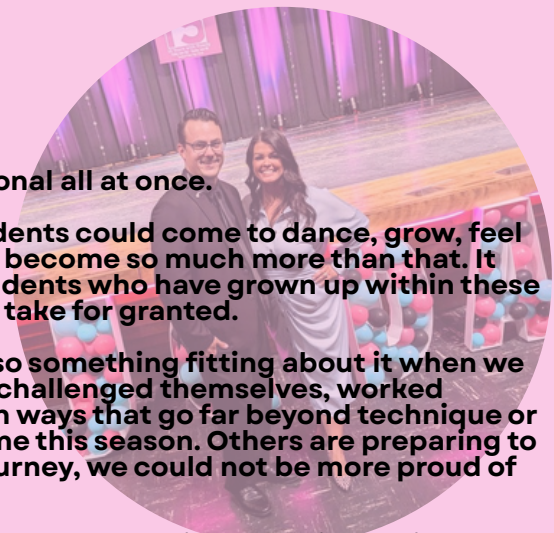

We would also like to thank Brian Lamping and the wonderful staff at Cardinal O'Hara High School for welcoming us so warmly during recital season. Your kindness, flexibility, and support help make this weekend possible, and we are truly grateful for everything you do for our studio and families. And finally, to our parents and families: thank you. Thank you for the rides to class, the costume changes, the dinners eaten in the car, the late nights, the encouragement after hard rehearsals, and for trusting us with your children year after year. We know the commitment dance requires from families, and we never take your support lightly.

Most importantly, to our dancers: thank you for continuing to inspire us. You are the reason this studio exists. Watching your confidence grow, your friendships form, and your love for dance continue to shine after all these years is the greatest gift we could ask for.

We hope you enjoy every moment of this weekend and celebrate just how much these students have accomplished this season.

With love and gratitude,

Miss Jackie & Miss Shari
